Independent Auditor's Report

To the Board of Trustees of the
Houston Ballet Foundation
Houston, Texas

We have audited the accompanying combined financial statements of the Houston Ballet Foundation and its affiliate, Houston Ballet Guild (collectively, the "Foundation"), which comprise the combined statement of financial position as of June 30, 2016, and the related combined statements of activities, cash flows and functional expenses for the year then ended, and the related notes to the combined financial statements.

Management's Responsibility for the Combined Financial Statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these combined financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the combined financial position of the Foundation as of June 30, 2016, and the results of their operations and their cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Notes to Combined Financial Statements

1. Nature of Operations

The Houston Ballet Foundation was founded in 1955 for educational purposes, namely, spreading an appreciation of ballet in general. The Foundation created the Academy to provide professional ballet training for dancers and, subsequently, in 1969, created a resident professional ballet Company.

The Houston Ballet Guild, Inc. (the "Guild") is a not-for profit corporations established in 1974 to provide aid and support to Houston Ballet Foundation. The Guild consists of members who volunteer their services to support the Houston Ballet Foundation.

The accompanying combined financial statements include the accounts of Houston Ballet Foundation and its affiliated support organization, Houston Ballet Guild, Inc. (collectively, the "Foundation"). The by-laws of the Guild provide that all funds raised be distributed to Houston Ballet Foundation.

2. Summary of Significant Accounting Policies

The combined financial statements of the Foundation have been prepared on the accrual basis of accounting. The Foundation is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. Significant accounting policies followed by the Foundation are described below.

Basis of Presentation

The Foundation's net assets and its revenue, expenses, gains and losses are classified within the statements based on the existence or absence of donor-imposed restrictions as permanently restricted, temporarily restricted or unrestricted. All significant intercompany accounts between The Houston Ballet Foundation and the Guild have been eliminated.

Preproduction Expenses and Advance Ticket Sales

Program revenues and expenses are recognized in the program year to which they apply. Ticket sales and preproduction costs for future season's programs are recorded as deferred revenue and deferred production expenses, respectively.

Pledges Receivable

Pledges made by donors are initially considered to be temporarily restricted and become unrestricted upon satisfaction of such restriction, which is typically a stipulated time restriction or purpose restriction. Pledges receivable are primarily from large foundations and corporations.

HOUSTON BALLET FOUNDATION AND HOUSTON BALLET GUILD, INC.

Notes to Combined Financial Statements

Pledges receivable represent unconditional promises to give and are monitored by the Foundation for potential losses.

Pledges deemed uncollectible are written off against related revenue or contributions. The Foundation has determined, through review of its donors' pledge payment history, that no allowance for uncollectible amounts is necessary as of June 30, 2016.

Contributions

The Foundation accounts for contributions received, including unconditional promises to give, as revenue in the period received at their fair values. The Foundation also distinguishes between contributions that increase permanently restricted, temporarily restricted and unrestricted net assets. The Foundation reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same reporting period are reported as unrestricted support.

Land, Building, Equipment and Costumes and Sets

Land, building, equipment and costumes and sets related to full-length productions are recorded at cost. Depreciation of building and equipment is provided over the estimated useful lives of the respective assets on a straight-line basis. Depreciation of costumes and sets related to full-length productions is provided on a straight-line basis over three years, beginning in the year the production is initially performed. Depreciation expense for the year ended June 30, 2016 totaled \$2,418,164.

Production and Foundation Costs

Production costs for ballet performances include the salaries of performers, cost of costumes, stage sets, theater rental, orchestra fees and other related expenses. All such costume and stage set costs related to full-length productions are capitalized and depreciated as described above. All other production expenses such as the salaries of performers, theater rental and orchestra fees are expensed in the year of the performance.

Foundation costs include salaries and benefits for dancers, artistic staff and music staff, costs for guest artists and guest music conductors and other miscellaneous expenses.

Functional Expenses

Costs related to the operation and maintenance of the building, including depreciation, are allocated to program and supporting activities based upon the approximate square footage of utilized facilities.

Advertising

All costs of advertising that relate to the current year are expensed as incurred. Costs related to productions or events in the subsequent year are recorded as prepaid expense and are expensed at the time the performance or event takes place.

HOUSTON BALLET FOUNDATION AND HOUSTON BALLET GUILD, INC.

Notes to Combined Financial Statements

Cash Equivalents

For purposes of the combined statement of cash flows, the Foundation considers all highly liquid investments with an original maturity date of three months or less to be cash equivalents.

Investments and Investment Income

The Foundation accounts for investments in equity securities with readily determinable fair market values and all investments in debt securities at fair market value with gains and losses included in the combined statement of activities.

Endowment funds, which consist primarily of marketable securities, are pooled for investment management purposes. Income from investments is allocated to each endowment based upon the relative market value and the type of endowment.

Investment income, including realized and unrealized gains or losses on investments, is recorded as unrestricted for all funds because there are no donor-imposed restrictions. For the year ended June 30, 2016, as stipulated by the Foundation's investment policy, up to 5.5% of the market value of endowment investments and cash may be used for general operating activities. Realized and unrealized gains or losses on endowment investments were reinvested and recorded in endowment activities on the combined statement of activities.

Donated Services and Materials

A substantial number of volunteers have donated time in connection with program services and administration of the Foundation. No value has been reflected in the financial statements for these services because the services would not typically be purchased if they had not been provided by donation. When outside services are donated to the Foundation and the services received (a) create or enhance non-financial assets, or (b) require specialized skills and are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation, a contribution is recorded in the period received. Such contribution is valued at the estimated cost to the Foundation had the services and/or materials cost been purchased. The Foundation recorded \$1,357,944 in the General Fund for donated services and materials during the year ended June 30, 2016, including \$1,084,848 of donated services and materials for special events.

Non-Monetary Transactions

During the year ended June 30, 2016, \$540,577 of Houston Ballet Foundation performance tickets were traded in exchange for marketing, public relations, production and development purposes. Such amounts are recorded as both performance income and operating expenses.

Concentrations of Credit Risk

The Foundation is subject to concentrations of credit risk relating primarily to cash, pledges receivable, and marketable securities. The Foundation's cash and cash equivalent deposits are held in major financial institutions in excess of the federally insured limit. Pledges receivable represent unconditional promises to give and are monitored by the Foundation for potential losses. Marketable securities consist primarily of domestic corporate stocks, which could subject the Foundation to losses in the event of a general downturn in the stock market. The Foundation has reduced its risk relating to investment in corporate stocks and bonds through diversification into investments in a variety of industries.

HOUSTON BALLET FOUNDATION AND HOUSTON BALLET GUILD, INC.

Notes to Combined Financial Statements

Estimates

The preparation of the Foundation's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the combined financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from these estimates.

Income Taxes

The Foundation is a nonprofit organization and has been recognized as tax-exempt pursuant to Section 501(c)(3) of the Internal Revenue Code. For the year ended June 30, 2016, the Foundation had no unrelated business income, and no income tax is expected to be due and payable by the Foundation.

The Foundation follows current guidance in accounting for uncertainty in income taxes. This guidance clarifies the accounting for income taxes by prescribing the minimum recognition threshold an income tax position is required to meet before being recognized in the financial statements and applies to all income tax positions. Each income tax position is assessed using a two-step process. A determination is first made as to whether it is more likely than not that the income tax position will be sustained, based upon technical merits, upon examination by the taxing authorities. If the income tax position is expected to meet the more likely than not criteria, the benefit recorded in the financial statements equals the largest amount that is greater than 50% likely to be realized upon its ultimate settlement. The Foundation did not recognize any uncertain tax positions upon adoption of the guidance and had no uncertain tax positions as of June 30, 2016.

The income tax position taken by the Foundation, for any years open under the various statutes of limitations, is that the Foundation continues to be exempt from income taxes by virtue of being a nonprofit organization. Management believes this tax position meets the more-likely-than-not threshold and, accordingly, the tax benefit of this income tax position (no income tax liability) has been recognized for the years ended on or before June 30, 2016.

The Foundation will record income tax related interest and penalties, if applicable, as a component of the provision for income tax expense. However, there were no amounts recognized relating to interest and penalties in the statement of activities for the year ended June 30, 2016. The Foundation's federal exempt organization business tax returns (Form 990) for 2012 and later are subject to examination by the Internal Revenue Service.

3. Fair Value Disclosure

The Foundation follows current guidance on fair value measurements which defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value and enhances disclosure requirements for fair value measurements.

HOUSTON BALLET FOUNDATION AND HOUSTON BALLET GUILD, INC.

Notes to Combined Financial Statements

Current guidance establishes a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy categorizes assets and liabilities measured at fair value into one of three different levels depending on the observability of the inputs employed in the measurement. The three levels are defined as follows:

Level 1 - inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 - inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The Foundation's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability. The following table presents information about the Foundation's assets measured at fair value on a recurring basis, and indicates the fair value hierarchy of the valuation techniques utilized by the Foundation to determine such fair value:

	Quoted Prices in Active Markets for Identical Items (Level 1)	Significant Other Observable Items (Level 2)	Significant Unobservable Items (Level 3)	Balance at June 30, 2016

Interest and dividend income	\$ 61,577	\$ 1,216,635	\$ 10,224	\$ 1,288,436

The Foundation's endowments consist of funds established for a variety of purposes. Its endowments include donor-restricted funds. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Foundation's Board has interpreted the UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets the original value of gifts donated to the permanent endowment, the original value of subsequent gifts to the permanent endowment, and accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: the duration and preservation of the

fund, the purposes of the Foundation and the donor-restricted endowment fund, general economic conditions, the possible effect of inflation and deflation, the expected total return from income and the appreciation of investments, other resources of the Foundation, and the investment policies of the Foundation.

The endowment net asset composition by type of fund as of June 30, 2016 was:

Endowment net assets, end of year	\$ 32,975,610	\$ -	\$ 32,348,519	\$ 65,324,129

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration. In accordance with accounting principles generally accepted in the United States of America, there were no deficiencies of this nature as of June 30, 2016.

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a donor-specified period.
